## ABOUT US

STREAM, the annual IISER Berhampur Science Open Day, is when we throw open our gates for school students to come in and catch a glimpse of what basic sciences has to offer. They will get to learn about science from beyond their coursework and learn how to think “out of the book”. There will be various scientific model presentations prepared by students.

## SCHEDULE

<b>9:30 AM</b>	<b>Opening address by Director and Instructions</b>
<b>10:00 AM</b>	<b>Start of Demonstration</b>
<b>12:30- 2:00 PM</b>	<b>Lunch Break</b>
<b>4:30 PM</b>	<b>End of Demonstrations</b>
<b>4:45 PM</b>	<b>Closing Remarks</b>
<b>5:00 PM</b>	<b>End of event</b>

## CHEMSHALA

We intend to present fascinating chemical demonstrations. The goal is to inspire and motivate students to pursue this exciting field of chemistry through literature, outreach, and discussion.

## LA VIDA

In the pulsating heart of La Vida, the IISER Berhampur's Biology Club, beats an audacious ambition: to ignite a revolution in young minds through STREAM.

## VASUDHA

Nature has no subject specific boundaries, it works in its own way. Through our club we wish to demonstrate the integrity of science that nature itself presents, through animations and experiments

## OASIS

We follow the motto to spread awareness through communication, citizen community interactions, and healthy competitions. Join us on STREAM as we walk together through the streets of art in science.

## PRO SPIRAL

We are a group of Math Students who intend to present to the students what math actually is. We want to make Mathematics interesting and intriguing and to guide them for the future prospects of pursuing Mathematics.

## JIGYANSA

Jigyansa: Where Science Meets Curiosity" is a journey through the wonders of discovery, illuminating the intricate dance between science and curiosity, guiding explorers of all ages into the heart of understanding.

## IIEC

Join us for an enriching experience where we delve into the fundamentals that drive successful startup and businesses. Through engaging sessions and financial games, we aim to ignite your entrepreneurial spirit .

## LOVELACE SOCIETY

We are a group of individuals who make sense of 0's and 1's on a daily basis. We here at Lovelace's spread awareness regarding coding practices, make cool robots and work on projects that are extremely exciting to see work.

## QCELL

How much do you really know about the world around you? Find out at the quizzing club, where we ask you questions that will make you think, laugh, and learn. Don't miss this opportunity to have fun and win some cool prizes!

## 137 INVERSE

We are a group of motivated students curious about the natural science that is physics, and do our best to cultivate scientific temper among others through various activities assisted or organized by the society.

## NAXATRA

"Astronomy for All", science outreach, embodies our commitment to fostering curiosity, knowledge and enthusiasm for astronomy. Through this STREAM we aim to ignite a passion for scientific exploration among students .
