

# SAC Club League System - IISER Berhampur

---

## Introduction

The SAC activities in IISER Berhampur are going to organise a CLUB LEAGUE system named “SciVerse League”, a point system assigned to each science club, on a semester-long scale. The winner of this league will get the club of the semester award, cash prizes, and different incentives. A proper points table will be maintained each semester. Moreover, other incentives include certificates and others for the club members.

## Introduction

Clubs include

- La Vida
- Vasudha
- Project Spiral
- 137 Inverse
- Chemshala
- IIEC
- Lovelace Society
- Qcell
- Oasis
- Naxatra

## Points Table

• Ping the SC-DC in the club coordinator group after each event to update the points. We have two assigned people who will verify the event performance and update the points. Remember, the odd semester timeline is May 1 to November 30. Even semester timeline is Jan 1 to April 30.

## Points System

### Monthly Point System (with Impact Point Multiplier)

#### A. Core Monthly Activities

<i>Activity</i>	<i>Base Points</i>	<i>Limit</i>	<i>IP Multiplied?</i>
Updated Website hosted under the SAC domain	30 pts	No limit	No
Organising Events/Workshops	50 pts × IP	Max 2/semester	Yes
Talk Series (IISER BPR Student)	10 pts × IP	Max 1/semester	Yes
Faculty Talk (IISER BPR)	10 pts × IP	Max 2/semester	Yes
Online Talk (May-July, December)	5 pts × IP	Max 1/month	Yes
Faculty Talk (Outside IISER BPR)	15 pts × IP	Max 2/semester	Yes
Ecology Trip	20 pts x IP	Max 2/semester	Yes
Field Trip	30 pts	Max 1/semester	No
Campus Drive	20 pts x IP	Max 2/semester	Yes
Competition Participation (External)	50 pts	No limit	No
Winning External Awards	200 pts	No limit	No
Publications/Collaborations	40 pts	No limit	No
Online Event (May-July, December)	10 pts × IP	No limit	Yes

Collaboration with Science Clubs	10 pts per club	No limit	No
Collaboration with Non-Science Clubs	15 pts	No limit	No
Flagship Event	100 pts	Max 1/year	No
Social Media Post (min. 10 likes)	1 pt/post	No limit	No

## B. Yearly Bonuses

Task	Points
Submit a full-year event plan	30 pts
Complete ≥80% of planned events (Addon points)	50 pts

## Impact Point (IP) System

### 1. For Impact Points

- **J:** Students joined, excluding club members.
- **T:** Total targeted via mail.
- **Q:** Joined students from the related major, excluding club members.
- **R:** Total strength of that major
- **IP:**  $\frac{J \times Q}{T \times R}$  for Project Spiral, Chemshala, LaVida, Vasudha and 137 Inverse.
- **IP:**  $\frac{J}{T}$  for IIEC, Lovelace, Qcell, Oasis and Naxatra.

### 2. Points Earned = Base points x (Base + ((IP x Outreach factor)))

- Base – 0.5 for all clubs
- IP calculations have already been shown above.
- The outreach factor will be decided by the SSC Council core members, depending on the outreach scale.
- The outreach factor will be scaled between 1-2.
- Clubs can propose a weight while reporting the event, and SCC members will approve or check it based on the scale of the event and the outreach achieved.

- Base points are the points allotted for that category earlier.

### Advantage

- Every club ensure that they will be given at least 50% of the Base points.
- Looking at their report, they will be given outreach factor points so that the IP, if it also comes in the range 0.01 to 0.05, can be increased a bit.

### Rewards

- A trophy to the club with the highest points for each semester.
- Certificates will be awarded to all the active club members whose clubs rank in the top 3 positions. Data will be collected after the results.
- The top 2 clubs will receive additional budget allocations as follows, to support future events and initiatives:
  - 1st Position: ₹4,200
  - 2nd Position: ₹2,800

### Data Results

- Upload a PDF document listing all the members of the club with their contact email and a club report, on and before Aug 1 2025 and Jan 1 2026. Upload the PDF here. (Delay in this will deduct 10 points per day)
- Link - <https://drive.google.com/drive/folders/1LWyjsBwLdVTz4CEeAOTz4kFoXY74gIr?usp=sharing>

### Guidelines

- Planning & Documentation
  - Clubs must **submit their semester plans** at least **one month in advance**, clearly outlining proposed activities.
  - For **prebooking logistics and timely budget allocation**, clubs must **email a summary and budget** to SCDC, keeping **Priyanshu Pradhan** and **Natasha Sharma** in CC.
  - **Signed hard copies of notesheets** (by club coordinator and faculty advisor) must be submitted to SCDC. Spending on events is **not permitted until approval** is received.
  - All events must be **science-oriented, educational, and engaging**.
- Execution & Verification

- **Proof of activity completion** is mandatory and may include **Instagram post links, event photos, and organiser records** in a maintained sheet.
- Clubs will be provided with a **standard feedback form**, which must be **shared during every event or talk**. Participants must fill it out so SSC Core can evaluate **Outreach points** and process **e-certificates**.
- Clubs must **collect one or more A4 sheets** for attendance, signed **in advance by SCDC, and selected SSC members can provide in case** the SCDC is unavailable (informed via the designated WhatsApp group).
- After the event, attendance sheets must be **submitted promptly**.
- **Participants must write their Name, Email, Roll Number, and Batch** on the attendance sheet to avoid unauthorised or duplicate entries.
- **E-Certificate & Points Policy**
  - **E-certificates** will be issued **only for events that fall within the point-eligible limits** under each category.
    - Example: If a club organises **more than the allowed Student Talk Series in a semester, only the first eligible one(s)** will be counted for **points and certificates**.
  - To increase participation, clubs **may offer e-certificates or incentives**, but only point-eligible events will be officially recognized.
  - Clubs are encouraged to **reach out to SSC members** for help or clarification at any point.
- **Leadership & Recognition**
  - The **Active Live Leaderboard** will be displayed during the competition phase.
  - SSC will **track and review points and resolve discrepancies impartially**.
  - **All club members involved** will receive **participation certificates**, and **coordinators** will receive **leadership certificates** after crossing a **700-point threshold**.
  - **Negative points** will be imposed for **unhealthy competition or code of conduct violations**, as decided by SCDC, SSC Core, CSA Science Activity, and DoSA.
- **Club Management & Communication**
  - Clubs with **core/pre-core systems** must **update their core teams by December** each year.
  - All clubs are expected to **check their official email accounts daily** to ensure smooth and timely communication.
  - A **WhatsApp group for tech leads** will be created to ensure proper coordination, and an invitation email will be shared. All club tech leads **must join through that link**. **Websites must remain updated** to reflect current events, contacts, and documentation.
